Fax: 801.469.3216

HOUSE ACCOUNT AGREEMENT

Your name and address here:

We have recently installed a new accounting and point of sale system at the café counter. Desiree can now provide you with an account card for your convenience and security! All you will need is your account card that may be used for food orders, beverages and all retail purchases in the café.

Each time you make a purchase, your card will be swiped at the end of the sale, which will then be entered into our house accounting system. We will then mail the entire month's statement to you at the end of each month directly from the system itself.

Invoices will be mailed to the following address(s) unless otherwise noted:

Please list below all individuals authorized to use this account and personalized cards will be made for them.

A credit card number for invoices outstanding longer than 60 days is required:
Please provide that number below.
